INHALATION:

Remove to fresh air. If not breathing give artificial respiration. If breathing is difficult, give oxygen by trained personnel.

INGESTION:

Call poison control center immediately. Follow their specific instructions. Do not induce vomiting. Aspiration into lungs may cause chemical pneumonitis.

SKIN:

Wash with soap and water. Contact a physician if irritation develops or persists.

EYE:

Hold eyelids apart and flush with plenty of water for at least 15 minutes. Seek medical attention.
